

COATED FOAM

Since 2003 **FEEK** has been the pioneer and manufacturer of **COATED FOAM** in all its applications. The Original **FEEK** foamcoating is known as "**ROCK FACE**" and makes use of the latest developments in the field of coating and 3D foam and surface techniques.

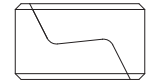

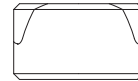

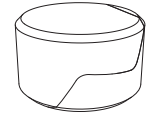

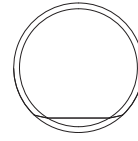

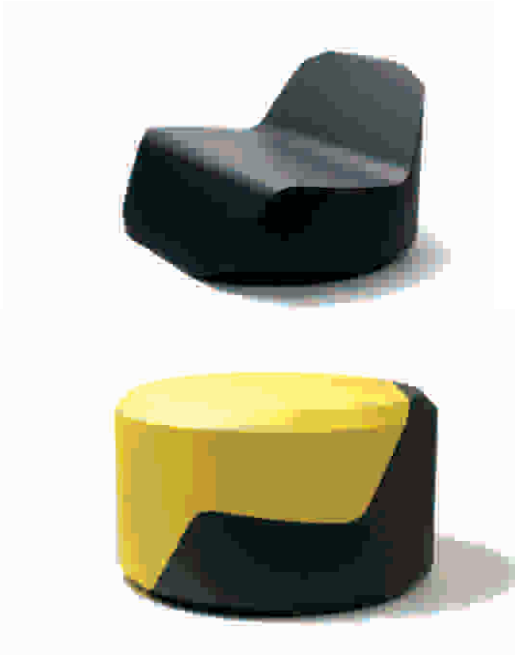

FEEK COATED FOAM is a range of polyurethane-based lacquer systems, which can be used in a flexible, functional and futuristic manner. It's a material that will take on any shape, which can be supplied tailor-made regardless of the project and which is easy to maintain. Like a chameleon, it adapts to any architecture, whether for interior, shop or hotel designs, acoustic panels or visual projects. Starting with a simple hocker up to snake-like sofa, lounge furniture, room dividers, daybeds etc.

FEEK FOAMCOATING designs can also be tailor made for your project! we look forward any challenge starting with a quantity as from 1 unit!

FEEK FOAMCOATING is available in standard colors and on special request all RAL / SIKKENS and NCS colors can be provided.

Visit www.feek.nl for more info pictures and designs.
